MANAGEMENT TIPS

Below are some simple tips and strategies to keep the game flowing, this should assist you to ensure the match finishes within the two hours allocated. Any issues should be reported to your secretaries so they can communicate with either the Junior Competition Secretary or another member of the Executive or Management committees.

1. Complete your Team Sheet the night before your Match. This also applies to ensuring that the team line-up is available for live scoring.
2. Involving parent volunteers to assist with boundary and pitch marking process. Setting up cones, crease marks and even warm up exercises with players will provide you with time to complete the toss and set your team. Marking "Leg, Middle and Off stumps" will also take needless time out of the match.
3. Set up the team marquee(s) next to the boundary.
4. Have scorers close to the boundary (towards the bowler's end), preferably under some form of shade. This way, they will be able to keep game moving with balls remaining in an over, player names
5. When your team is batting, please have all players padded up and ready to bat. Next batters should have gloves and helmets on and ready to bat.
6. When fielding, rotate all fielders in a clockwise motion (excluding wicketkeeper) around the field. Your next bowler should be the fielder fielding on the right side of the bowlers' end pitch. Encouraging fielders to jog between positions between overs will also save time.
7. When you have more than 7 players, have the closet fielding to the team marquee(s) the position where a player interchange is made (between overs). This will limit wasted time and give players quick drinks break.
8. When getting your second Wicketkeeper ready, have them off the field(1-2overs) prior to the drinks break. This will ensure the player is ready for when play resumes.
9. Have all player drinks under the marquee(s) close to the boundary, this will limit players further than they need to be.
10. The central Umpire is the critical person running the match. They need to ensure the match is continually moving and to ensure above all that the game is played in the correct spirit. They also need to ensure that the scorers have everything they need, including a stop to play if they are behind in the game.
